# SAFETY DATA SHEET

## PP TAUPE 7536C

### Section 1. Identification

**GHS product identifier** : PP TAUPE 7536C  
**Chemical name** : Mixture  
**CAS number** : Mixture  
**Other means of identification** : CC10432209  
**Product type** : solid

**Relevant identified uses of the substance or mixture and uses advised against**

**Product use** : Industrial applications.

**Supplier's details** : **AVIENT CORPORATION**  
33587 Walker Road, Avon Lake, OH 44012  
  
1 (440) 930-1000 or 1 (844) 4AVIENT

**Emergency telephone number (with hours of operation)** : CHEMTREC 1-800-424-9300 (24hrs for spill, leak, fire, exposure or accident).

### Section 2. Hazards identification

**OSHA/HCS status** : While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

**Classification of the substance or mixture** : Not classified.

**GHS label elements**

**Signal word** : No signal word.  
**Hazard statements** : No known significant effects or critical hazards.

**Precautionary statements**

**Prevention** : Not applicable.  
**Response** : Not applicable.  
**Storage** : Not applicable.

**SAFETY DATA SHEET**

**PP TAUPE 7536C**

Version Number 1.0  
 Revision Date 07/08/2026

Page 2 of 18  
 Print Date 07/09/2026

- Disposal** : Not applicable.
- Hazards not otherwise classified** : None known.
- Hazards identified when used** : No known significant effects or critical hazards.

**Section 3. Composition/information on ingredients**

- Substance/mixture** : Mixture
- Chemical name** : PP TAUPE 7536C
- Other means of identification** : PP TAUPE 7536C

| Ingredient name       | Synonyms                                | %               | Identifiers     |
|-----------------------|---|-----------------|-----------------|
| Titanium oxide        | Titanium dioxide                        | >= 15 - <= 40   | CAS: 13463-67-7 |
| C.I. Pigment Brown 24 | chrome antimony titanium buff<br>rutile | >= 10 - <= 30   | CAS: 68186-90-3 |
| Silica                | silicon dioxide                         | >= 1 - <= 5     | CAS: 7631-86-9  |
| Aluminum oxide        | aluminium oxide                         | >= 0.5 - <= 1.5 | CAS: 1344-28-1  |

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

**There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified and hence require reporting in this section.**

**Occupational exposure limits, if available, are listed in Section 8.**

**Section 4. First aid measures**

Description of necessary first aid measures

- Eye contact** : Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.
- Inhalation** : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.
- Skin contact** : Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.
- Ingestion** : Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

# SAFETY DATA SHEET

## PP TAUPE 7536C

Version Number 1.0  
 Revision Date 07/08/2026

Page 3 of 18  
 Print Date 07/09/2026

**Most important symptoms/effects, acute and delayed**

**Potential acute health effects**

- Eye contact** : No known significant effects or critical hazards.
- Inhalation** : No known significant effects or critical hazards.
- Skin contact** : No known significant effects or critical hazards.
- Ingestion** : No known significant effects or critical hazards.

**Over-exposure signs/symptoms**

- Eye contact** : No specific data.
- Inhalation** : No specific data.
- Skin contact** : No specific data.
- Ingestion** : No specific data.

**Indication of immediate medical attention and special treatment needed, if necessary**

- Notes to physician** : Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.
- Specific treatments** : No specific treatment.
- Protection of first-aiders** : No action shall be taken involving any personal risk or without suitable training.

See toxicological information (Section 11)

## Section 5. Fire-fighting measures

**Extinguishing media**

- Suitable extinguishing media** : In case of fire, use water spray (fog), foam, dry chemical or CO<sub>2</sub>.
- Unsuitable extinguishing media** : None known.
- Specific hazards arising from the chemical** : No specific fire or explosion hazard.
- Hazardous thermal decomposition products** : Decomposition products may include the following materials: carbon dioxide, carbon monoxide, metal oxide/oxides
- Special protective actions for fire-fighters** : Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
- Special protective equipment for fire-fighters** : Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated

## SAFETY DATA SHEET

**PP TAUPE 7536C**

Print Date 07/09/2026

in positive pressure mode.

## Section 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

- For non-emergency personnel** : No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilled material. Put on appropriate personal protective equipment.
- For emergency responders** : If specialized clothing is required to deal with the spillage, take note of any information in Section 8 on suitable and unsuitable materials. See also the information in "For non-emergency personnel".
- Environmental precautions** : Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution (sewers, waterways, soil or air).

### Methods and materials for containment and cleaning up

- Small spill** : Move containers from spill area. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor.
- Large spill** : Move containers from spill area. Prevent entry into sewers, water courses, basements or confined areas. Vacuum or sweep up material and place in a designated, labeled waste container. Dispose of via a licensed waste disposal contractor.

## Section 7. Handling and storage

### Precautions for safe handling

- Protective measures** : Put on appropriate personal protective equipment (see Section 8).
- Advice on general occupational hygiene** : Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking. Remove contaminated clothing and protective equipment before entering eating areas. See also Section 8 for additional information on hygiene measures.
- Conditions for safe storage, including any incompatibilities** : Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10) and food and drink. Keep container tightly closed and sealed until ready for

**Biological exposure indices**  
 No exposure indices known.

- Appropriate engineering controls** : Good general ventilation should be sufficient to control worker exposure to airborne contaminants.
- Environmental exposure controls** : Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

**Individual protection measures**

## SAFETY DATA SHEET

**PP TAUPE 7536C**

Version Number 1.0  
Revision Date 07/08/2026

Page 7 of 18  
Print Date 07/09/2026

|                               |   |
|-------------------------------|---|
| <b>Hygiene measures</b>       | : Wash hands, forearms and face thoroughly after handling chemical products, before eating, smoking and using the lavatory and at the end of the working period. Appropriate techniques should be used to remove potentially contaminated clothing. Wash contaminated clothing before reusing. Ensure that eyewash stations and safety showers are close to the workstation location. |
| <b>Eye/face protection</b>    | : Safety eyewear complying with an approved standard should be used when a risk assessment indicates this is necessary to avoid exposure to liquid splashes, mists, gases or dusts. If contact is possible, the following protection should be worn, unless the assessment indicates a higher degree of protection: safety glasses with side-shields.                                 |
| <b><u>Skin protection</u></b> |   |
| <b>Hand protection</b>        | : Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.   |
| <b>Body protection</b>        | : Personal protective equipment for the body should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.   |
| <b>Other skin protection</b>  | : Appropriate footwear and any additional skin protection measures should be selected based on the task being performed and the risks involved and should be approved by a specialist before handling this product.   |
| <b>Respiratory protection</b> | : Based on the hazard and potential for exposure, select a respirator that meets the appropriate standard or certification. Respirators must be used according to a respiratory protection program to ensure proper fitting, training, and other important aspects of use.  |

## Section 9. Physical and chemical properties

The conditions of measurement of all properties are at standard temperature and pressure unless otherwise indicated.

### Appearance

|   |                    |
|---|--------------------|
| <b>Physical state</b>   | : solid [Pellets.] |
| <b>Color</b>  | : BROWN            |
| <b>Odor</b>   | : Faint odor.      |
| <b>Odor threshold</b>   | : Not available.   |
| <b>pH</b>   | : Not available.   |
| <b>Melting point/freezing point</b>                             | : Not available.   |
| <b>Boiling point or initial boiling point and boiling range</b> | : Not available.   |

No products were found.

**SARA 304 RQ** : Not applicable.

**SARA 311/312**

**Classification** : Not applicable.

**Composition/information on ingredients**

No products were found.

| Name   | %           | Classification               |
|--------|-------------|------------------------------|
| Silica | >= 1 - <= 5 | EYE IRRITATION - Category 2B |

**SARA 313**

**Form R - Reporting requirements**

| Product name          | CAS number | %               |
|-----------------------|------------|-----------------|
| C.I. Pigment Brown 24 | 68186-90-3 | >= 10 - <= 30   |
| Aluminum oxide        | 1344-28-1  | >= 0.5 - <= 1.5 |

**Supplier notification**

| Product name          | CAS number | %               |
|-----------------------|------------|-----------------|
| C.I. Pigment Brown 24 | 68186-90-3 | >= 10 - <= 30   |
| Aluminum oxide        | 1344-28-1  | >= 0.5 - <= 1.5 |

SARA 313 notifications must not be detached from the SDS and any copying and redistribution of the SDS shall include copying and redistribution of the notice attached to copies of the SDS subsequently redistributed.

**State regulations**

**Massachusetts** : The following components are listed:  
 Titanium oxide  
 Silica  
 Aluminum oxide

**New York** : None of the components are listed.

**SAFETY DATA SHEET**

**New Jersey** : The following components are listed:  
 TITANIUM DIOXIDE  
 ANTIMONY compoundsCHROMIUM  
 COMPOUNDSCHROMIUM III COMPOUNDS  
 ALUMINUM OXIDE  
 CARBON BLACK

**Pennsylvania** : The following components are listed:  
 TITANIUM OXIDE  
 ANTIMONY COMPOUNDSCHROMIUM COMPOUNDS  
 SILICA  
 ALUMINUM OXIDE

**California Prop. 65**

**⚠ WARNING:** This product can expose you to chemicals including Titanium dioxide, Carbon black, which are known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

| Ingredient name  | No significant risk level | Maximum acceptable dosage level |
|------------------|---------------------------|---------------------------------|
| Titanium dioxide | -                         | -                               |
| Carbon black     | -                         | -                               |

**International regulations**

**Chemical Weapon Convention List Schedules I, II & III Chemicals**

**Chemical Weapons Convention List Schedule I Chemicals**

None of the components are listed.

**Chemical Weapons Convention List Schedule II Chemicals**

None of the components are listed.

**Chemical Weapons Convention List Schedule III Chemicals**

None of the components are listed.

**Montreal Protocol**

None of the components are listed.

**Stockholm Convention on Persistent Organic Pollutants**

**Annex A - Elimination - Production**

None of the components are listed.

## SAFETY DATA SHEET

Print Date 07/09/2026

#### Annex A - Elimination - Use

None of the components are listed.

#### Annex B - Restriction - Production

None of the components are listed.

#### Annex B - Restriction - Use

None of the components are listed.

#### Annex C - Unintentional - Production

None of the components are listed.

#### Rotterdam Convention on Prior Informed Consent (PIC)

##### Rotterdam Convention on Prior Informed Consent (PIC) - Industrial

None of the components are listed.

##### Rotterdam Convention on Prior Informed Consent (PIC) - Pesticide

None of the components are listed.

##### Rotterdam Convention on Prior Informed Consent (PIC) -Severely hazardous pesticide

None of the components are listed.

#### UNECE Aarhus Protocol on POPs and Heavy Metals

##### Heavy metals - Annex 1

None of the components are listed.

##### POPs - Annex 1 - Production

None of the components are listed.

##### POPs - Annex 1 - Use

None of the components are listed.

##### POPs - Annex 2

None of the components are listed.

##### POPs - Annex 3

None of the components are listed.

#### Inventory list

|                  |   |  |
|------------------|---|--|
| <b>Australia</b> | : | All components are listed or exempted. |
| <b>Canada</b>    | : | All components are listed or exempted. |
| <b>China</b>     | : | All components are listed or exempted. |

Hazardous Material Information System (U.S.A.)

|                  |   |   |
|------------------|---|---|
| Health           | / | 0 |
| Flammability     |   | 0 |
| Physical hazards |   | 0 |
|                  |   |   |

Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. Although HMIS® ratings and the associated label are not required on SDSs or products leaving a facility under 29 CFR 1910.1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® is a registered trademark and service mark of the American Coatings Association, Inc.

The customer is responsible for determining the PPE code for this material. For more information on HMIS® Personal Protective Equipment (PPE) codes, consult the HMIS® Implementation Manual.

National Fire Protection Association (U.S.A.)

Procedure used to derive the classification

Not classified.
